

Lakshay Tomar, Software Engineer

143/5 Ranjeet Nagar, Shamli, 247776, India | +91 6395674685 | lakshaydt55@gmail.com

Place of birth: Shamli, Uttar Pradesh Nationality: Indian

PROFILE

Motivated Software Developer with hands-on experience in building full-stack web applications, AI-driven pipelines, and computer vision models. Proficient in Python, JavaScript, React, Java, and C/C++, with strong problem-solving skills demonstrated through DSA and LeetCode practice. Proven ability to design scalable architectures, implement secure features, and deliver clean, production-ready code.

EDUCATION

Aug 2009 — Aug 2022

School, St.Francis School — Shamli

Aug 2023 — Aug 2027

B.Tech, Vellore Institute Of Technology — Chennai

SKILLS

DSA — Experienced

Python — Experienced

Java — Skillful

Problem Solving (LeetCode) — Experienced

HTML, CSS, React.js — Skillful

PROJECTS

- Share Delivery Web Application

Created a platform enabling users to coordinate delivery and sharing of goods within local communities. Integrated secure login and real-time status tracking using JavaScript and REST APIs.

- **Human Eye-Tracking Model (Computer Vision)**

Implemented real-time eye-tracking using Python and OpenCV. Achieved high gaze detection accuracy and visualized results on live video streams.

- **Comprehensive File Processing Pipeline**

A multi-format document processing system with AI-powered PII detection, OCR, YOLO-based logo masking, and automated redaction. Designed a modular, high-performance pipeline with batch processing and audit logging.

TOOLS

Git, GitHub, Conda, VS Code, Jupyter Notebook, Google Colab

CERTIFICATIONS

- PCEP - Certified Entry Level Python Programmer
- PCAP - Certified Associate Python Programmer
- English for IT B2 GSE 59–75
